PROFILE

Full-stack software developer with 7+ years of professional experience building and maintaining web applications in fintech, recruitment and document management platforms. Strong focus on database-driven application development, with solid backend experience in PHP and Python and a frontend-leaning approach using modern JavaScript frameworks. Experienced in working on production systems, data-driven features, and cross-functional teams including data scientists and business stakeholders.

EDUCATION

TARTU VOCATIONAL EDUCATION CENTER	2016-2018
